

Subject	Chair's Report
Status	Open Session
Purpose	To report on the Chair's Activities from September to November 2018
From	The Chair

1. Association of Consultant Architects (ACA) CPD Zone at London Build – 23 October 2018

Karen Holmes, Registrar and Chief Executive and I presented at London Build as part of the ACA's CPD Zone. We presented on the status of the Register and were faced with a well informed and inquisitive audience. We focussed on ARB's role, Register trends, complaints and investigations and the UK's exit from the European Union. It was a very worthwhile event to attend and an excellent opportunity to talk about ARB and what we do.

2. Hackitt Review

Together with Richard Parnaby I have chaired the Working Group tasked by the Industry Response Competency Steering Group to develop a framework for architects/designers working on High-Risk Residential Buildings. We have agreed that the work of the Steering Group is to remain confidential until it is fit for publication, so an update will be provided in the closed session of the Board meeting.

3. Students Meeting

Karen Holmes, Registrar and Chief Executive and I met with Salasi Setufe and Simeon Shtebunaev, student and associate representatives of the RIBA, who were able to provide insights into opportunities for ARB to interact with students. We are going to arrange for a group of students to present to the Board and are arranging for the staff team to meet with Salasi, Simeon and other colleagues about how ARB can communicate more effectively with students.
